Consultancy

Run your childcare setting more easily
and more smoothly, with business level
support in four key areas.

Consultancy designed for you...

With the Playworks One consultancy service, you choose the level of support you need, from our menu of four modules.

Choose any you need, or for comprehensive support, opt for all four.

Our Consultancy Modules...

Have been designed based on real-world experience of setting up, running and maintaining Playworks out of school clubs. That means we know what challenges you will face and the best ways to overcome those challenges, meaning you get a short cut to best practice.

Our Modular Approach...

If there is one particular area that is proving a challenge, contact us for support with that. If you are looking for a seamless level of support, across all the key areas of your childcare settings use our consultancy service as comprehensive support.

Choose from any or all of our consultancy modules...

CSSIW Compliance

Playworks One can offer support from the moment you decide to open a childcare setting. We specialise in providing support to settings wishing to achieve Care and Social Services Inspectorate Wales (CSSIW) registration. From the completion of your application to the creation of your policies and procedure documents and ongoing management, Playworks One will support you every step of the way.

Childcare Setting Support

Once your childcare setting is up and running, you may find that you need assistance to ensure that it is operating in line with regulations and National Minimum Standards.

Playworks One is able to offer monthly and termly support to ensure high standards are being met at all times.

Our support staff carry out compliance checks at the setting, and report back to you with our findings and recommendations.

Personnel

With ever changing HR regulations and the need to fill vacancies as quickly as possible, Playworks One can assist with staff recruitment, inductions and ongoing support.

Playworks One will work with you from the initial stage of advertising vacancies, sifting applications and arranging interviews. Playworks One will provide support through the induction process. We will provide up to date staff contracts of employment, staff handbooks, DBS checks and all other personnel documents that conform to CSSIW Schedule 2 requirements.

Playworks One can also assist to carry out staff supervision and appraisals and through the additional support of the Federation of Small Businesses provide insurance cover in the event of a tribunal.

Training

Playworks One can offer quick and easy access to online training in:

- Paediatric First Aid
- Level 2 Food Safety
- Level 1, 2 and 3 in Safe Guarding

Staff are able to sit back and complete mandatory training in the comfort of their own home, while you can be safe in the knowledge that your staff training requirements are being met and your setting complies with current CSSIW requirements.
